FACE-BOX, NOT FACEBOOK

Face-Box is a portable photo booth that shoots and prints photos within 30 seconds, in a smooth, simple process using the latest hardware and software. It’s literally as easy as “Pose, press, print. All aspects of Face-Box have been set up by professionals: from the design and construction of the box, to the lighting, photography and printing. All post- and pre-production work is done in house, including graphic design and uploading of images to the website. The result is a high quality product, at a competitive rate, delivered on time. All panels on the Face-Box are removable and can be branded. This adds to brand

awareness and recall in commercial installations and allows the booth to blend in with the decor at private functions.

The graphics panels are also able to be stored and re-used for recurring events. Even the on-screen prompts on the LCD screen inside the box can be branded to match your theme!

SOMETHING NEW - Interactive Kwaito Experience

Always wanted to wear a spotty and flash your new All Stars? Now is your chance! Interactive Kwaito Experience is a pulsating 30 – 40 minute dance and DJ show that brings the audience into the world of the township street bash: its dance moves, chanting, rapping and beats. This is an unforgettable experience that really rocks your group.

Brush up on your dance floor technique, learn to rap and rhyme and get your group into the pulse of the people now, Mzantsi style. This unique interactive experience includes a DJ, rappers and dancers and is a fun-filled South African experience.

What happens on the day?

The show combines numbers performed by the dancers and numbers that involve the audience. As the audience enters the room, they are met with an inviting kwaito pulse. The show starts off with a pumping group dance, soon the dancers begin to involve the audience. With a repertoire of clapping and dance moves they get the participants to join in with simple kwaito steps, body percussion and chants. As the session progresses, within a short time, your group will be getting down dancing and rapping together in a kwaito bash.
